

The background features abstract, overlapping green geometric shapes, primarily triangles and polygons, in various shades of green, creating a modern, layered effect. The shapes are concentrated on the left and right sides of the frame, leaving a white central area for the text.

Friday 22nd January

WALT: Use purple mash to explore computing features

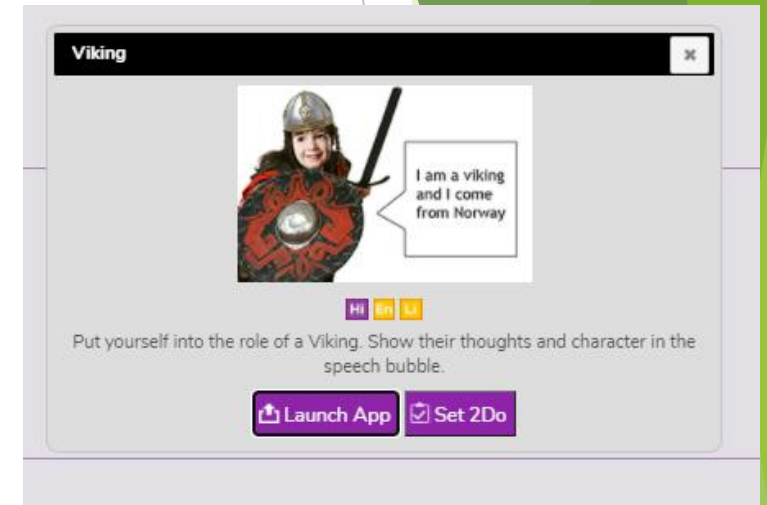

- Today you are going to use Purple Mash to make yourself into a Viking!
- When you log onto welearn, you click on the purple mash icon at the top left of the page
- When you go onto purple mash, type Vikings into the search bar on the top right of the page
- When the results come up, scroll to the bottom of the page to purple mash cams

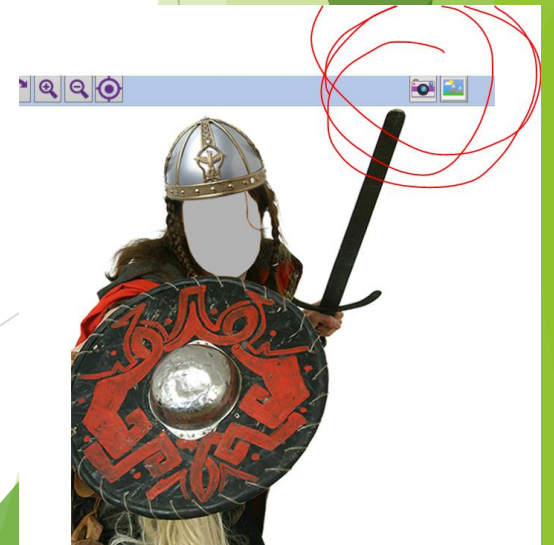

Purple Mash Cams & 2Respond:

- Next, click on the bottom left icon, under purple mash cams and two respond (the picture with the Viking)
- When you click on it, select launch app

- You then click on the camera icon at the top of the page
- When you click on this, you use the camera on your device to put your face onto the Viking and turn yourself into a Viking!

- You can then experiment with the programme, you can type text into the box, you can record your voice over it and play it back, you can draw with coloured pens and upload your own photos.
- You can choose what to include in your Viking profile, you might write or voice over all about yourself as a Viking and what you do, you might draw or upload some pictures, or you may try out all the features.
- Have fun!

Hello, I am Miss
Younghusband the Viking!
Click on the paint tab
above to see a drawing of
my Viking Longship.
Press play above to hear
all about Viking Longships.
