

Tuesday 7th March – Friday 11th March

WALT: Write a narrative following a BME plan

Today you will write your own version of Ben's story in Wonderstruck.

Please focus on the sentence types in the next two slides and include them in the 'B' section of your writing.

Name - adjective pair - sentences

Little Tim - happy and generous - was always fun to be around.

Glass - fragile and dangerous - must be handled with care.

Rule: This is a show and tell sentence:

The name and detail form the main clause
(tell)

The added detail within the dashes shows what the character was like (it must be linked to the information in the main clause)

Description, which and simile sentence

The dog had huge nostrils, which made him look like a hippo.

The valleys had crooked ravines, which curved around like a snail shell.

Rule: The sentence is introduced by a description which is followed by a comma (,) and then the word 'which' followed by a simile, further describing the description.

Can you use these two sentence types to describe Ben and Gunflint Lake?

Young Ben - *sad and lonely* - missed his mother dearly.
