WALT : compare human and physical features including land use

Look through the following slides at the different human and physical features.

What is a human feature?

What is a physical feature?

Physical

Beach

A beach is an area of sand or pebbles that leads to the sea.

twinkl.com

Physical

Cliff

A cliff is a steep rock face, often along the edge of the sea.

twinkl.com

Physical

Coast

The coast is the place where the land meets the sea.

twinkl.com

Physical

Forest

A forest is a large, wooded area with a thick growth of trees and plants.

twinkl.com

Physical

Hill

This is a naturally raised area of land, which is not as high as a mountain.

twinkl.com

Physical

Mountain

A mountain is a very large, high and steep hill. Famous mountains include Mount Everest, Mount Fuji and Mount Kilimanjaro.

twinkl.com

Physical

Sea

The sea is a body of salt water, which is part of an ocean.

twinkl.com

Physical

Ocean

This is a large body of salt water, which covers the majority of the earth's surface. The five oceans in the world are the Pacific, the Atlantic, the Arctic, the Antarctic and the Indian oceans.

twinkl.com

Physical

River

A river is a large, natural stream of fresh water that flows into the sea or a lake.

twinkl.com

Physical

Soil

Soil is the top layer of the earth's surface, in which plants grow.

twinkl.com

Physical

Valley

A valley is a long stretch of a low area of land in between hills.

twinkl.com

Physical

Vegetation

Plant life, e.g. carrots, grass, shrubs.

twinkl.com

Physical

Season

This is one of four divisions of the year (autumn, winter, spring and summer) often marked by different weather patterns and hours of daylight.

twinkl.com

Physical

Weather

This is the day-to-day outdoor conditions, such as temperature, cloudiness and rainfall.

twinkl.com

Human

City

A city is a large town. Each country has a capital city, which is usually one of the largest cities.

twinkl.com

Human

Town

A town is a large group of houses, shops and factories where people live. Towns are larger than villages but smaller than cities.

twinkl.com

Human

Village

A village is a small group of houses, perhaps with a few shops, that are often in the countryside.

twinkl.com

Human

Factory

A factory is a large building where goods are made in large quantities.

twinkl.com

Human

Farm

A farm is an area of land used to produce crops or to breed animals and livestock.

twinkl.com

Human

House

A house is a building designed for people to live in.

twinkl.com

Human

Office

An office is a building of rooms where business and work is carried out by office workers.

twinkl.com

Human

Port

This is a town or city with a harbour where ships can load and unload people or goods.

twinkl.com

Human

Harbour

This is a place on a coastline where ships and boats can be kept safely.

twinkl.com

Human

Shop

A shop is a building in which goods are sold. For example, supermarkets, clothes shops and toy shops.

twinkl.com

Learning activity

Research images of Cornwall and Warwick.

What similarities and differences are there? Think about human and physical features in both places.

Write a comparison of the two locations.
