Questions to think about

How many countries in Europe can you name?

You could write down the names of any countries in Europe that you know.

Questions to think about

Can you find any of these countries on a map of Europe?

- You could use the internet to help you find out where these countries are.
- Or, perhaps you have an atlas at home that you could look in.
- If you are able to print the map on the next slide, you could write the names inside the countries.
- Or, you could colour each country in a different colour and write a key to name the countries.

Example of how to set out
a key for the map:

Key

Denmark

Russia

then colour the countries
the correct colours:

Denmark in green

Russia in blue ...
